

WAXING COURSE

At the Australasian Beauty Therapy Academy, we aim to provide students with a reliable and flexible learning and assessment process, where evidence gathered through a range of methods is validated against the unit of competency. Practical sessions can take place in school hours and in the Student Clinic. The Student Clinic simulates a Beauty Salon environment and provides actual beauty services to members of the public. In this environment, students are able to apply the full range of competencies against learning outcomes in a supervised environment.

This continuous assessment process, which is on going for the full duration of the course, provides strong evidence to support the student's final course outcome as well as a tool for constant student feedback and improvement during the course.

1. DESCRIPTION:

This course is designed for those wishing to develop the skills and knowledge to begin a career in the beauty therapy. It involves interacting with customers, providing temporary hair removal services in a safe and hygienic manner. The course covers knowledge and techniques for:
