

BRAZILIAN WAXING COURSE

At the Australasian Beauty Therapy Academy, we aim to provide students with a reliable, and flexible learning and assessment process, where evidence gathered through a range of methods is validated against the unit of competency.

Practical sessions can take place in school hours and in both practical training classes and the Student Clinic. The Student Clinic simulates a Beauty Salon environment and provides actual beauty services to members of the public. In this environment, students are able to apply the full range of competencies against learning outcomes in a supervised environment. This continuous assessment process, which is on going for the full duration of the course, provides strong evidence to support the student's final course outcome as well as a tool for constant student feedback and improvement during the course.
