

ABTA

Acrylic Nail Course

At the Australasian Beauty Therapy Academy, we aim to provide students with a reliable, and flexible learning and assessment process, where evidence gathered through a range of methods is validated against the unit of competency.

Practical sessions can take place in school hours and in both practical training classes and the student clinic. The student clinic simulates a beauty salon environment and provides actual beauty services to members of the public. In this environment, students are able to apply the full range of competencies against learning outcomes in a supervised environment. This continuous assessment process, which is ongoing for the full duration of the course, provides strong evidence to support the student's final course outcome as well as a tool for constant student feedback and improvement during the course.

About this course

This course is designed for those wishing to develop the skills and knowledge to begin a career in the nail technology stream of the beauty industry. It involves interacting with customers, providing artificial nail services, applying acrylic nail enhancement and applying temporary nail tips (include removal of loose acrylic, repairing natural or artificial nails, blend regrowth lines, re-polish, filing, buffing, reshaping, re-balancing and correcting extension side walls). During the study, you will also cover the necessary knowledge of customer service.

Prerequisites

SHBBNLS011 Use electric file equipment for nail services

Assessment

- Attendance record - class attendance
- Written assignment
- Practical assessment: minimum of 6 treatment records to satisfactory level
