

ABTA

Gel Nail Course

At the Australasian Beauty Therapy Academy, we aim to provide students with a reliable, and flexible learning and assessment process, where evidence gathered through a range of methods is validated against the unit of competency. Practical sessions can take place in school hours and in both practical training classes and the student clinic. The student clinic simulates a beauty salon environment and provides actual beauty services to members of the public. In this environment, students are able to apply the full range of competencies against learning outcomes in a supervised environment. This continuous assessment process, which is ongoing for the full duration of the course, provides strong evidence to support the student's final course outcome as well as a tool for constant student feedback and improvement during the course.

About this course

This course is designed for those wishing to develop the skills and knowledge to begin a career in the nail technology stream of the beauty industry. It requires the ability to consult with clients, select suitable products and techniques, and apply gel nail enhancements that include overlays, colour gel, refills, tips and French. The gel nail enhancement service can be an individual service or form part of a series of services. This unit applies to beauty therapists and nail technicians who work in beauty and nail salons, and spas. On successful completion of the course, you will be able to:

- Prepare for gel nail service
- Remove gel enhancements
- Apply, refill or repair gel nails
- Review service
- Clean service area

Pre-requisites

SHBBNLS011 Use electric file equipment for nail services

Assessment

- Attendance record - class attendance
- Written assignment
- Practical assessment: minimum of 4 treatment records to satisfactory level
